Know Your

What If I Go To Vote On November 2 and My Name Is Not On The Voting Rolls?

Sometimes a voter's name is mistakenly left off the voting rolls. This can happen to people who register to vote just before the deadline for registration. At other times, the voter comes to the wrong polling place and just needs to go to the correct site.

If your name is not on the voting rolls, the poll worker is required to call the county clerk's office to figure out what went wrong.

If it turns out that your name was left off the voting rolls by mistake, you will be allowed to vote. If you are at the wrong precinct, the poll worker will direct you to your actual polling site.

If the poll worker cannot figure out the problem, **you are entitled to cast a "provisional" ballot**. The ballot will be set aside until the clerk's office can decide whether your provisional ballot is valid and must be counted.

When voters cast a provisional ballot, they must fill out an affidavit providing information that will help ascertain the voter's status. If you cast a provisional ballot, **make sure you are given the affidavit with the ballot**.

If your name is on the poll list but you have moved to a new address

You are allowed to vote one last time in your old precinct if you sign the poll book with the new address.
